Friday, January 20, 2017**

General Information

Hello lovely ROA families,

Workshops and classes will start on Monday, January 23. We are so excited to see all you back on campus and hope that you will enjoy our new class offerings. Please remember that this will be our first week of classes—with that, it will be hectic for everybody. In addition to that, we also will be using our new i-Class attendance system for the first time—please be patient☺

This week's **Writing Marathon** was a huge hit. We would like to thank Leina for organizing that and all of our talented writers for being there to share in the fun. What a wonderful event with an amazing group of talented writers.

We also had our first **Prep & Pizza day** on Thursday. Another great and successful event organized by our wonderful staff. We are so happy about the turn-out and hope to continue to draw such a wonderful crowd for the fun. Thank you to all of the ROA Team Awesome for being there and for your help to make this event exciting. More Prep & Pizza days will be coming...join us for the fun.

We also would like to **thank our PAC** for organizing the bowling event. We heard that it was a great success and a lot of fun.

IMPORTANT SEASONAL REMINDER:

With the wet and cold temperatures and everybody coming back on campus, we are urging you to:

Please remember that **if your child shows symptoms of illness** (cough, fever, runny nose, etc.) please keep him/her at home.

Tar Pits Homeschool Days

We still have two more Homeschool Days coming up this school year. We hope to see you at...

Bugs and Botany | March 14, 2017

What do insect fossils teach us about the Ice Age Environment? How do plant remains get preserved in asphalt? Spend this Homeschool Day with two often under-appreciated groups of organisms: insects and plants! We think you'll find these resilient Ice Age survivors surprisingly captivating and incredibly significant to the study of Pleistocene L.A.

Dig It! | June 07, 2017

This Homeschool Day, we are joining up with our Mobile Museums team to explore how archaeology and paleontology can help us uncover the mysteries of the past. Excavate aboard the Mobile Museums Archaeology Experience truck before touring the La Brea Tar Pits: the largest active urban paleontological site in the world.

Counselor's Corner

The PSAT 10 is coming!

Attention 10th and 9th graders! River Oaks Academy will be offering the PSAT 10 on Thursday, March 30th, 2017, right here on our main campus. The PSAT (Preliminary Scholastic Assessment Test) is the official preparation assessment for the SAT, which most colleges and universities use to determine eligibility for admission. By taking this special edition of the PSAT, designed for tenth graders, students will gain valuable testing skills and receive free test prep from the College Board. The PSAT 10 is a practice test, and results are only shared with students, parents, and your teachers here at River Oaks, with the sole purpose of helping you prepare for the actual SAT. For sophomores, this will also serve as a great preview of the PSAT that is designed for 11th graders, and is offered in the fall.

The PSAT 10 is free for our students. We will send out detailed registration information soon to help you sign up and prepare for this valuable college preparation tool!

Visit www.collegeboard.org, or contact your counselor, Richard Intlekofer, at richard.intlekofer@roavc.com for more information.

✓ **Seniors!!!** Are you planning to apply to a four-year university for the fall of 2017? Make an appointment with Richard Intlekofer, Counselor, as soon as possible, to receive assistance in the application process. And, be sure to take your ACT or SAT by December of this year! Seniors who plan to attend a community college after graduation will be offered assistance in the application process in the spring.

✓ **The financial aid process** for seniors has changed. You may now file the FAFSA (Free Application for Federal Student Aid) beginning October 1, 2016, for the 2017-18 school year. Seniors and parents should make appointments to see Richard for information and assistance in the process of applying for financial aid and scholarships for college.

Registration for Community College Courses for Spring, 2017: Students interested in taking a community college course in the spring of 2017 may enroll soon! Each community college system has its own process and calendar, so see your teacher and/or Richard Intlekofer, Counselor, for information. Students need to complete an application for admission, as well as a concurrent enrollment form, as well as other documents. For those interested in

attending classes at Moorpark, Oxnard, or Ventura College, registration dates are drawing near! Take advantage of this opportunity to earn college and high school credits at the same time! And, don't forget that registration fees are waived for our students!

Career Education Center: The Ventura County Career Education Center offers a wide variety of courses for high school students. While many of the CEC courses are yearlong, there are a few that are offered on a semester basis. Check the catalog at the Ventura County Career Education Center website, or in paper form in the River Oaks front office. If your student is interested in a semester CEC course, see your teacher.

PSAT Results: The results from the PSAT (Preliminary Scholastic Assessment Test) that a number of our students took in October will be emailed directly to students in December. Be sure to take advantage of the many SAT preparation opportunities provided with your results by the College Board. Make an appointment with Richard for in depth analysis of your student's results. And, for sophomores and freshmen, we will be offering the **PSAT 10** right here on our campus in April. Watch for further information on this terrific chance to see what the SAT is like!

SAT Test Center: River Oaks Academy has been approved as an SAT test center! We offered our first SAT in October, and we have another scheduled for June 3, 2017. If your student is planning to take the SAT in the spring (primarily juniors), visit the College Board website at www.collegeboard.org. We do not register students for the SAT, and we cannot save seats for our students. We only have 40 spaces available, so register soon! Again, contact Richard at richard.intlekofer@roavc.com for further information!
